

Zelma Murray

115 Arlington Dr., Hot Springs AR 71913 501-749-3769 zeeonlyone@yahoo.com

Objective

To obtain a seat on the Diamondhead Board of Directors for the purpose of having a more copasetic community.

Experience

I served on the board during the last term as your board secretary. When we lost our office employees, our board jumped right in and continued to keep the neighborhood running by paying the bills, making payroll etc. until new employees could be found.

20 years restaurant experience

I have worked every area of the restaurant from dishwasher to management. I am a problem solver and a customer service expert. I believe this will help me in dealing with residents in solving problems that arise.

15 years bookkeeping/office management experience

I have kept books, prepared taxes, payroll, accounts payable and receivable. I have co-owned a company with offices in 2 states that shipped as far as overseas. I believe this experience will be very valuable to a board member.

I also have 2 years real estate experience.

I have been employee of the month and employee of the year. I have been the only one getting raises at a company that hadn't given a raise in 10 years. My work ethic speaks for itself. I will bring all these qualities to the board.

I hope I will be considered for this position. I would love to see a community united. I realize that you can't please all the people all the time, however, the community should have a voice that is heard.
